4. Theming	5
4.1. Themed Example	6
5. Small Panels	8
6. Large Panels	11
7. Badges/Shield	13
7.1. Syntax	14

1. What are they?

AsciiDoctorJ Panels are a way of creating a panel that is clickable. Now you can create a set of panels that links to various contents, an alternative way of building links.

2. How to use?

AsciiDoctorJ Panels are built using a block processor. SO you will need to create blocks to visualize them. For the most part, the body of the panel is built using a Kotlin DSL.

2.1. First Example

The first type of panels is just panels with a list of panel objects. See example below

```
1 panels {  
2     panel{  
3         link = "http://www.google.com"  
4         label = "Google Search"  
5     }  
6 }
```

Given the above, we will build panels for Google, Apple, Microsoft, Amazon, Netflix

```
1 [panels,"buttons",width="80%"]
2 ----
3 panels {
4   panel {
5     link = "https://www.google.com"
6     label = "Google"
7   }
8   panel {
9     link = "https://www.apple.com"
10    label = "Apple"
11  }
12  panel {
13    link = "https://www.microsoft.com"
14    label = "Microsoft"
15  }
16  panel {
17    link = "https://www.amazon.com"
18    label = "Amazon"
19  }
20  panel {
21    link = "https://www.netflix.com"
22    label = "Netflix"
23  }
24 }
25 ----
```

	Label	Link
This Is Another Google	This Is Another Google	This Is Another Google
Apple	Apple	Apple
Microsoft	Microsoft	Microsoft
Amazon	Amazon	Amazon
Netflix	Netflix	Netflix

The syntax is pretty small to make a panel of buttons.

3. Round Buttons

Similar to the buttons, we have a round object we can use.

```
[panels,buttons2]
----
panels{
  theme {
    colorMap{
      color("#ff6385")
      color("#36a3eb")
      color("#9966ff")
      color("#ffcf56")
      color("#4bc0c0")
    }
  }
}
```

```

        color("#FDCBF1")
    }
}
round {
    link = "https://www.google.com"
    label = "Google"
}
round {
    link = "https://www.apple.com"
    label = "Apple"
}
round {
    link = "https://www.microsoft.com"
    label = "Microsoft"
}
round {
    link = "https://www.amazon.com"
    label = "Amazon"
}
round {
    link = "https://www.netflix.com"
    label = "Netflix"
}
}
----
```

■ Google	■ Microsoft
■ Apple	■ Amazon
	■ Netflix

	Label	Link
Google	Google	Google
Apple	Apple	Apple
Microsoft	Microsoft	Microsoft

	Label	Link
Amazon	Amazon	Amazon
Netflix	Netflix	Netflix

4. Theming

TIP | New Attributes added, dropShadow & font

Table 1. Theme Guide

Item	Attribute	Value
layout	columns	<i>optional</i> , default: 3, max recommended 6
	groupBy	default Grouping.TITLE, others → .Grouping.TYPE, Grouping.AUTHOR, Grouping.DATE
	groupOrder	<i>optional</i> default Grouping.ASCENDING, others → Grouping.DECENDING
		<pre> theme { layout { columns = 4 groupBy = Grouping.TITLE groupOrder = GroupingOrder.ASCENDING } } </pre>
colorMap	color	<i>optional</i>
		<pre> colorMap{ color("#ff6385") color("#36a3eb") color("#9966ff") color("#ffc556") color("#4bc0c0") color("#FDCBF1") } </pre>
legendOn	legend	boolean, <i>default true</i>
newWin		boolean, <i>default true</i>
dropShadow		number 0..9, <i>default 1</i>

Item	Attribute	Value
font		set of font to use <pre>font = font { color = "#000000" font = "Arial, Helvetica, sans-serif" size = "9pt" decoration = "underline" }</pre>

4.1. Themed Example

Same Panel as above but with sorting ascending and different colors.

```

1 [panels,"round2"]
2 ----
3 panels {
4   theme {
5     layout {
6       columns = 4
7       groupBy = Grouping.TITLE
8       groupOrder = GroupingOrder.ASCENDING
9     }
10    font = font {
11      color = "#ffffff"
12    }
13    dropShadow = 2
14    colorMap{
15      color("#ff6385")
16      color("#36a3eb")
17      color("#9966ff")
18      color("#ffcf56")
19      color("#4bc0c0")
20      color("#FDCBF1")
21    }
22    newWin = false
23  }
24  panel {
25    link = "https://www.google.com"
26    label = "Google"
27  }
28  panel {
29    link = "https://www.apple.com"
30    label = "Apple"
31  }
32  panel {
33    link = "https://www.microsoft.com"
34    label = "Microsoft"

```

```

35     }
36     panel {
37         link = "https://www.amazon.com"
38         label = "Amazon"
39     }
40     panel {
41         link = "https://www.netflix.com"
42         label = "Netflix"
43     }
44 }
45 ----

```

	Label	Link
Google	Google	Google
Apple	Apple	Apple
Microsoft	Microsoft	Microsoft
Amazon	Amazon	Amazon
Netflix	Netflix	Netflix

5. Small Panels

More informational panels can be created with small cards

```
1 panels {
2   theme {
3     layout {
4       columns=4
5       groupOrder = GroupingOrder.ASCENDING
6     }
7     font = font {
8       color = "#000000"
9     }
10    colorMap{
11      color("#ebb3d1")
12    }
13    legendOn = false
14    gradientStyle = DarkTheme
15  }
16  slim {
17    link = "https://www.google.com"
18    label = "Google"
19    type = "Advertising"
20    description = "Google is is an American multinational technology company
21    that specializes in Internet-related services and products "
22    author("Sergey Brin")
23    author("Larry Page")
24    date ="07/30/1998"
25  }
26  slim {
27    link = "https://www.apple.com"
28    label = "Apple"
29    type = "Personal Devices"
30    description = "Apple Inc. is an American multinational technology company
31    that specializes in consumer electronics, computer software and online services. "
32    author("Steve Jobs")
33    author("Steve Wozniak")
34    date ="01/30/1977"
35  }
36  slim {
37    link = "https://www.microsoft.com"
38    label = "Microsoft"
39    type = "Software"
40    description = "Microsoft Corporation is an American multinational
41    technology corporation which produces computer software, consumer electronics,
42    personal computers, and related services."
43    author("Bill Gates")
44  }
45  slim {
46    link = "https://www.amazon.com"
```

```

43     label = "Amazon"
44     type = "Super Store"
45     description = "Amazon.com, Inc. is an American multinational technology
company which focuses on e-commerce, cloud computing, digital streaming, and
artificial intelligence"
46     author("Jeff Bezos")
47 }
48 slim {
49     link = "https://www.netflix.com"
50     label = "Netflix"
51     type = "Movie Theater"
52     description = "Netflix, Inc. is an American subscription streaming service
and production company."
53     author("Reed")
54     author("Marc")
55 }
56 slim {
57     link = "https://www.facebook.com"
58     label = "Facebook"
59     type = "Social Butterfly"
60     description = "Facebook is an American online social media and social
networking service owned by Meta Platforms."
61     author("Mark Zuckerberg")
62 }
63 slim {
64     link = "https://www.instagram.com"
65     label = "Instagram"
66     type = "Beach"
67     description = "Instagram is an American photo and video sharing social
networking service. "
68     author("Kevin")
69     author("Mike")
70 }
71 slim {
72     link = "#[link-server]#[app]"
73     label = "DocOps.io"
74     type = "Documentation"
75     description = "Sharing documentation experience for developers to extend
with AsciiDoctor"
76     author("Steve Roach")
77     author("Ian Rose")
78 }
79 }

```
